

***AML: (Abandon Mine Lands) Old Abandoned Mines
WREQC helped assist with the inventory of find of the open
abandoned mines. There were about Twenty Plus mines.
WREQC is waiting for the inventory list of the finding of these
old mines. The tribes along with the AML people need to get
together and discuss what need to be done next.
Look for some type of funding to close off these open abandoned
mines be for some one gets hurt or killed.***
